DISCUSSION QUESTIONS

1. What was something that immediately stood out to you from this week's sermon?
2. How has our culture shaped the category of "justice" for you? In what ways has it either knowingly or unknowingly shaped your thinking?
3. How did this week's sermon help to reshape this category for you, if at all?
4. How does the gospel inform both our view of what justice is and how we can enact it in our own lives? What difference does the cross make to this category?
5. How have you personally been impacted either positively by the two effects of justice (retribution and restoration) or negatively by them (is there something you've experienced where you long for justice to be done?)
6. James made the point in his application section that God has made us all with a justice complex; yet, distinct with different passions. What are some ways that justice compels you?
7. Digging Deeper: This week, we've attached what could be a longer resource for you. It all depends on how much you want to dig! You have the ability here to go through the entire course or to simply choose a smaller subsection that piques your interest. Either way, we think you'll be benefited from the material here on the category of Biblical Justice:
