

Tithes and Offering

For more information about contributions or to give online, visit cspc.net/give.

Frequently Asked Questions

How may I contribute to a specific fund at the church?

When contributing to a specific church fund (i.e., Global Mission, Capital Campaign, Good Samaritan, etc.), please write the fund name and amount on the memo line of the check. This assists the Ministry Operations staff in appropriating your funds correctly. Any checks received without notation are automatically appropriated to the General Fund. Gifts made to the Global Mission Fund are used exclusively for Global Mission. The General Fund supports all ministries of the church, including Home Mission.

Does the church accept credit card contributions?

Yes! Debit and Credit card contributions may be made online through the church website at www.cspc.net. There are fees associated with accepting gifts via debit and credit cards, therefore we are transparent about what those fees are when setting up your gift in case you want to help us cover those as part of your gift.

May I give contributions through an electronic withdrawal?

Yes! Electronic giving is a wonderful way to give to Cedar Springs and the preferred method due to lower administrative costs. You may choose to have your contribution withdrawn on any day of the month or you may make a one-time gift. Visit the Giving page on our website to sign up.

May I designate a contribution to a charitable organization through Cedar Springs?

In order to process a designated contribution, it must pass through several different steps before finally being paid to the designee. This processing costs the church a significant amount. Therefore, in order for your gift to be most effective, it is best to send your contribution directly to the charitable organization of your choice.

May I designate my contribution to a specific missionary?

Gifts for a specific missionary are non-deductible to the donor unless they are made through the mission organization or under the oversight of the Cedar Springs Global Mission Group. Therefore, we recommend that you do not make designated gifts to a missionary without the involvement of the missionary's organization or the Global Mission Group.
