## DISCUSSION QUESTIONS

1. Coming into this Sunday, what were your general thoughts and impressions about church planting?
2. What stood out to you about the stories that were told? (Church of the Redeemer, NewLife Gathering, and House of Mercy)
3. Are there some ways that you personally have experienced the blessing of a local church? What was that like?
4. Why do you think church plants might be able to shine light in the darkness in a unique way?
5. One of the videos highlighted a man using his unique gifts and talents to get involved. Do you have any ideas of what that could potentially look like for you?
6. \*This is less of a question and more of an encouragement: Discuss the week ahead with your group. Encourage them to attend the various events happening throughout the week and be prayerful about how they might get involved in this exciting work.
